

# STIK-UP

## DESCRIPTION

Stik-Up is a double-sided mounting tape - the no nail answer to mounting light objects.

## SIZES AVAILABLE

Stik-Up is available in a blister pack containing a 12mm x 2m roll of product.

## USES

Stik-Up can be used on plaster, timber or tiles.

It is the no nail answer to mounting posters, pictures and other wall hangings.

## TECHNICAL FEATURES

{ As a guide, 50mm of tape is adequate for 100g of weight.

## LIMITATIONS

Not recommended for use on wallpapered surfaces, highly porous or rough surfaces.

## HOW TO USE

- 1 Mounting surfaces must be clean, dry and free from flaking paint.

Make light pencil markings on the wall where object is to be mounted.

Cut the length required.

For adhesion to surfaces that have been treated with silicone (e.g. some ceramic tiles) clean with an abrasive cream e.g. Jif before applying Stik-Up.

- 2 Leaving the protective liner on the tape, firmly press tape into position on the back of the object.
- 3 Remove the protective liner from the tape, align object with pencil lines and press firmly.

To remove object, insert a knife between the object and the wall and cut the tape between adhesive surfaces. Scrape remaining material from the wall and the object.

- 4 To remove Stik-Up use a sharp knife. Solvent Acetone may help to remove sticky residues provided it does not affect the substrate.

## WARNINGS/FIRST AID

Nil.
